From the President

Hello Members,

Fall is upon us with beautiful clear views of the lake.

September's weather has been exceptional; let's keep it going!

The golf course underwent the traditional fall aeration on September 9th and 10th. We are hoping for a quicker recovery with the rain-free weather. Good news, we reached full staffing in late August. There was a large change over earlier in the season leaving us at a disadvantage. You will see more activity upstairs this fall and into next season.

LVCC is scheduling weddings and events well into the 2025 calendar. Our support staff that includes the kitchen, events and dining manager and servers, are prepared to bring back the 'traditional' LVCC events this fall and Holiday season.

Numerous social events have been added this fall. We are excited to roll out a new level of a social membership to include dining only.

Adding this level of membership should bring activity to the grill room. Feel free to spread the word. Bring your friends for an evening or afternoon of food, events, football and rainy days in a relaxing environment. Please check the website for the membership addition at <https://lakeviewcc.com/>.

With the addition of our new staff there are learning curves. I am visiting members on the course and in the grill room for input. Two things that take precedence are timing of the food service and our monthly bills. We have been working with the kitchen staff on timing of the 'tickets' and delivery of the food. Secondly, the monthly bills have been an issue for all of us. While it may appear to be an internal issue, it is not. This was a glitch within our billing software that was successfully revealed. I apologize on both fronts and continue to work on a streamlined resolution. Thank you for your patience and please do not hesitate to stop me and relay your concerns.

Enjoy the beautiful fall golf days with clear and crisp air, the fragrance of grapes and cloud formations that are stunning. Hope to see you on the course.

Dr. Thomas Mack

Welcome back Lizzie,
who will be manning the Halfway
House on Wednesdays and
Fridays, 10am to 4pm,
for the remainder of the season,
weather permitting!

*The House Committee would like to thank
all of our summer help and we look forward
to welcoming back several
who plan to return next season!
Madi, Cadance, Kam, Sarah, and Josie
are all off to jobs and schools,
we want to wish them well!*

Kayla's Corner

Hello, LVCC members! Football season is in full swing, and we've got you covered on Monday, Thursday, and Sunday nights with all your favorite games—don't miss out! Plus, we're filling up quickly for our concert series on October 11th, so be sure to reserve your spot before they fill up. AND – starting October 13th, we're excited to kick off our Monthly Brunches! The Brunches will be off the menu, held the 2nd Sunday of the month through December, 10:30 - 2:30, reservations are encouraged! Our Santa Christmas Brunch will be December 15th starting at 10am and reservations will be required. More information will follow.

This past weekend, Chef Bill and I had the pleasure of hosting our first wedding together at Lake View, and I'm thrilled to say it was a complete success! The event went smoothly, and Chef Bill truly outdid himself—the food was absolutely amazing and received rave reviews from the guests. I want to extend my heartfelt thanks to everyone at the club for their continued support as Chef Bill and I settle into our roles. Your encouragement means the world to us, and we can't wait to collaborate on many more events in the future!

OCTOBER 11th

the Social Committee is presenting

“An Evening with Josh Morningstar”

Jason Eady will perform on November 22nd!

**Josh Morningstar is the
2018 Texas Radio Songwriter of the Year!**

Writer of several Cody Jinks songs, including his #1 hits “Must be the Whiskey” and “Ain't A Train”, Josh's lyrics force listeners to sit up and pay attention. Morningstar forges a familial connection with people that continues long after his shows are over. He has shared the stage with some of today's most sought after folk and country artists, including Shooter Jennings, Cody Jinks, Tyler Childers, Todd Snider, Colter Wall and Ward Davis. Morningstar continues to lead the charge on the front lines of a new wave of country music!

**It all kicks off at 7pm with Garrett Owens,
and Josh begins at 8:30pm. Doors open at 6pm.**

**So join us for standing room, general admission at \$20
or buy a table that includes dinner, but don't miss this event!**

Must be 21 to attend.

October 11 Dinner Choices

Butter Poached Cod

Cod Filet Poached in Butter, lemon and herbs en Papillote with sides of crispy fingerling potatoes and local vegetables

Chicken Piccata

Pan seared chicken breast with a lemon butter caper sauce over fresh pasta with local vegetables

Grilled Tri-Tip

Marinated and grilled beef drizzled with demi glace and served with crispy fingerling potatoes and local vegetables

**All dinners served with a tossed salad,
bread, and homemade dessert**

From the Greens and Grounds

Roots Grow in Air

Gordon Seliga is a Certified Golf Course Superintendent and is a wealth of knowledge. One of the first things I learned from him is that roots grow in air.

One September, after enjoying a summer of playing golf on pristine greens, I grumbled to him about having to endure the end of season aeration process.

No one likes putting on plinko greens. A perfectly stroked putt hops, skips and jumps off your intended line exasperating you once again. Golf is hard enough, right? The fact of the matter is that those pristine greens don't just happen. It takes a lot to keep the putting surfaces healthy. One of the most critical elements of maintenance of the turf is the aerification process. Aeration controls organic matter – i.e., decaying roots and grass stems – relieves soil compaction, stimulates root growth, and improves drainage. Excessive organic matter acts like a sponge, holding water close to the surface, inhibiting root growth, and fostering disease and turf failure.

Top dressing with sand fills the holes from the process giving roots space, and air, to grow. Top dressing also smooths out the small imperfections in the greens, leading to smoother, truer surfaces.

Timing is very important for this process to be successful. It has to be done when growing conditions are optimal to ensure speedy recovery. In recent years Gordon has been using a medium sized tine to punch our greens. Immediately after the process, the mower heights have to be raised to allow for proper growth, resulting in temporarily slower greens. Once the turf recovers and the aeration holes fill in we'll be back to playing on the best greens around.

Thanks for being a member and supporting our club.

HOGAN'S VIEW:

OH, DEER!!!!

Mama and her doe stopped for a quick snack along #15 and these pics captured by Bob Zamoski show they are not bothered at all by our presence on their course.

Hogan was also seen perched in a tree off #13 tee in this picture captured by Max Maas. I am told a playing partner of Max's nearly took Hogan out on their tee shot, but he was undeterred. No one is naming names of the owner of that wayward shot, but suffice to say they often go by "judge".

The Great Blue Heron on the Island between the 10th and 11th fairways, spotted by Hogan, picture taken by Steve Crane, and the Deer Family all together was captured by Susan Breon during Seniors and Grandmothers tournament on Hole Number Two!

*Keep sending in the pictures as we love keeping an eye on Hogan and all the wildlife that call Lake View home.
